TERRA VITIS - HEV 3, certified having High Environmental Value

About the Estate:

Domaine Cédric BARDIN spreads over 17 hectares (42 acres) of vines on both banks of the Loire River, within the towns of Pouilly sur Loire, Saint-Satur and Bannon, in the Cher area.

The high quality and unique taste of the Sancerre produced by Cédric BARDIN mainly comes from this flint terroir (divided in 2 plots, Saint-Satur and Menetreal just under Sancerre), which gives distinctive mineral notes to the Sauvignon, a sustainable approach to the culture of the vines, and a combination of four generations of winegrowers' know-how as well as rational use of modern technologies and equipments.

The Domaine Cédric BARDIN does provide both: an elegant and racy Sancerre, fruity, fresh, mineral and tonic, at the best value for such a "niche" production. It is constantly awarded and rated by the French and international Press and Challenges.

"C. BARDIN's tiny estate, which straddles both shores of the Loire river (one foot gently kicking up Pouilly-Fume and the other planted in Sancerre), is source of some of these regions' most remarkable values." C. Heffley - NC

More to come

Tasting Notes:

2022 vintage tasted from two tanks, prior to final blend. The Silex plot is opulent, showing a richer texture, but retaining bright citrusy fruit and lightly salty oceanic hints. The caillottes terroir is very complex with a deep expression, and almost exotic fruits and nose.

Food Pairing:

Goat cheeses. Deep fried softshell crab.

Press Review:

Soon to come

2019 Vint.: "This ripe wine is full of rich, almost tropical fruits. While the wine has some of the herbal, mineral character of Sancerre, it has been cushioned by ripe fruitiness, hints of pepper and weight." 89 Pts Roger Voss - Wine Enthusiast, 2020
